

Moritz Milatz wins the Bundesliga in Freudenstadt

Werksteam pilot Moritz Milatz had every reason to celebrate on last weekend. He won the race in Freudenstadt at the end of the Bundesliga season. After an exciting race Moritz won the victory and Markus followed on 3rd place. Christopher Platt also celebrated. He finished 2nd at his home race the Dünsberg Marathon.

Moritz: „I am so happy to win the last XC race of the season and of my career for the Kreidler Werksteam. I started with control and in the second lap I reached the leading group. With Markus Bauer we were able to take the advantage to be in the same team. In the final lap I managed to open a gap in the top of the climb and chase my first victory for three years.“

Markus: „What a great final. My team college, support and friend Moritz wins his last race on German soil at the final round of the MTB Bundesliga in Freudenstadt. A thrilling fight with Moritz, Simon Stiebjahn and me throughout the hole race ends with a 3rd place for me.“

Christopher: „It was my home race. From start to finish the others looked at me. On the last 5 kilometers I had to fight and lost the connection to Sascha Starker and take place two.“
